CARMACK'S BODY DUG UP

Coopers and Sharpe Are Now
Being Tried.

STATE SPRINGS SURPRISE.

Secretly and at Night Corpse of Late
Editor Removed From Grave and
Claims Made Fatal Bullet Entered
Back of Neck, and Shot From Back.

Nashville, Jan. 20.—The case of
Duncan B. Cooper, Robin, his son, and
former Sheriff John Sharpe, charged
with the murder of ex-United States
Senator E. W. Carmack, was called
for trial in Judge Hart's court today.

Both sides announced ready. The
courtroom was crowded ten minutes
after the door was opened. Quite a
number of women were present.

WILEY—BULLOCK.

Members of Well Known Families
Unite in Marriage.

At the home of the bride's parents,
Rev. and Mrs. J. M. Bullock, in this
city was solemnized the marriage of
Mr. J. W. Wiley and Miss Minnie
Maude Bullock, at 2 o'clock Wednes-
day afternoon. Rev. J. M. Bullock,
father of the bride, officiating.

The wedding was a very quiet
home affair, only the relatives and
a few intimate friends of the con-
tracting parties being present.

Mr. Wiley, the bridegroom, resides
at Tabor. He is one of Brazos county's
substantial citizens. He is a large
land owner, successful in agricultural
and mercantile pursuits, and is
closely identified with the progress
of his section of the county. In ad-
dition to conducting farming opera-
tions on a large scale, he also has
a gin and is senior member of the
firm of Wiley & Elliott, general mer-
chants at Tabor.

The bride is the eldest daughter
of Rev. and Mrs. J. M. Bullock of
this city. She was born and reared
in this county, and numbers her
friends by the score. She is a tire-
less worker in the religious circles
with which she is identified, and is
a valuable member of the Baptist
congregation here.

Following a bridal luncheon im-
mediately after the marriage cere-
mony, Mr. and Mrs. Wiley departed
for their home at Tabor, where the
best wishes of innumerable friends
will abide with them.

FINE MUSIC FINE STOCK.

Special to the Bryan Morning Eagle.

While on a business trip to Harvey
recently, I had the pleasure of attend-
ing a musical entertainment, presen-
ted under the management of Profes-
sor Barden, principal of the Harvey
school, and Miss Florence Fletcher,
music teacher. The exercises were
a credit both to teachers and pupils.

In addition to this, some handshak-
ing with old friends, and a ride be-
hind a pair of the finest match bays
this side of Kentucky. These horses
are the property of Mr. W. R. Goen,
and are a credit to the state.

Although the drouth still holds, I
find that the farmers of Harvey com-
munity are at business along all lines;
peace, plenty and prosperity seem to
reign at Harvey.

I write this in order to express my
appreciation of the pleasure recently
experienced while there.

Long live Harvey, and may kindred
communities of like cult spring up all
over Brazos county.

The prisoners were escorted into the
room after the preliminaries. Colonel
Cooper and son entered arm in arm,
while Sheriff Sharpe followed them.
The latter's wife and father greeted

DUNCAN B. COOPER.

him affectionately. Mrs. Lucius
Burch, daughter of Colonel Cooper,
met her father and brother with a
cheerful smile and seating herself
between them conversed animatedly
with them. Young Cooper seemed in
splendid spirits. His father was very
quiet and shows the effects of his
confinement.

The defense has seventy-two pre-
emptory challenges and the state
eigheten. Judge Hart ordered 500 men
summoned for jury service and says
he will order the next panel to con-
sist of 1,000. There are 4,000 quali-
fied names in the jury wheel. Should
these be exhausted without selection
of a jury the case would not go to trial
at all.

It became known in the morning
that the state had prepared a surprise
for the defense by having the body of
Carmack exhumed and an autopsy
held. After the murder, and the ex-
citement attendant upon the crime,
the state neglected to order a post-
mortem examination. It is essential
in the trial that the direction from
which the bullets came be deter-
mined. The state's theory is that
Carmack, with his hat raised to greet
a lady, was shot from behind. The
defense asserts he fired the first shot.

It seems, however, that some time
between the date of the killing and the
present time, the state, secretly and
at night, exhumed the body of the
slain editor and caused a careful post-
mortem examination to be performed.
The course of the bullets was thus
determined, and the state claims to
have proof that the bullet which killed
Carmack entered his neck from be-
hind. This, however, does not en-
tirely disprove the theory of the de-
fense. Even the defense does not
claim that Colonel Cooper fired shots,
but maintains that young Cooper, be-
lieving his father's life in danger, fired
upon Carmack to protect his sire. It
is not contended that young Cooper
stood any place but behind.

FIRE VISITS TOLEDO.

Most Serious Conflagration at That
City in Many Years.

Toledo, O., Jan. 20.—Toledo Tuesday
night was visited by the most serious
fire in many years. Flames starting
in the basement of the Brown, Eager
& Hull company store at 10 o'clock en-
tirely gutted the large four-story build-
ing occupied by that firm, and forty-
five minutes later communicated to the
building on the corner of Adams
and Summit street, occupied by the
Hudson Dry Goods company, which
was also completely destroyed.

Fleischman's cafe was completely
destroyed. The roofs of the Empire
and Arcade theaters caught fire, but
the flames were extinguished.

Lilley's Name Dropped.

Washington, Jan. 20.—George L.
Lilley, who was inaugurated governor
of Connecticut Jan. 5 while occupying
a seat in the house, has been dropped
from membership.

Six Killed by Explosion.

Salinas, Cal., Jan. 20.—Near Chan-
cellor, seventy miles south, six men
were killed by an explosion in the
Cyclone Canyon coal mine.

Gore Formally Re-elected.

Guthrie, Jan. 20.—United States
Senator Gore was formally re-elected
by the legislature Wednesday in joint
session.

Lowell Confirmed.

Boston, Jan. 20.—Board of overseers
of Harvard university has confirmed
Professor Lowell as president.

WATER CRIB CONSUMED.

Workmen In Peril From Both
Fire and Frigidity.

Chicago, Jan. 20.—Fire destroyed
the intermediate crib, one and a half
miles out in Lake Michigan. Twenty-
six of the injured were rescued by
the crew of the tug Morford and
brought to Chicago.

John Wampole, one of those re-
scued stated that a few might have
escaped into the tunnel, where others
were working, but declared it was al-
most certain in this event they would
die of suffocation or explosion of dy-
namite stored in the bore.

Sixty men were on the crib; twenty
of them were at work in the tunnel
under the crib. A few were moving
about the structure and others were
asleep in their bunks when they were
suddenly confronted by an explosion in
the powder magazine, which immedi-
ately wrapped the wooden structure
in flames. Those who were not killed
or injured by the first fiery blasts
rushed out of doors to find no means
of escape. On every side of the wa-
ters of Lake Michigan its surface is
almost covered by great pieces of
broken ice. Captain Johnson of the
tug Morford, which was lying near the
shore, hoisted anchor, and the fire-
men in the hold worked desperately
in getting up a full head of steam.
From the deck of the boat the crib
could be dimly seen. Black spots ap-
peared and then disappeared into the
waters below.

Some of the imprisoned men sought
to escape by swimming. One of them
was seen to cling to cakes of ice for
a time and then disappeared.

Forty-five were rescued in a short
time, nineteen of whom were landed
at another crib. The remainder were
brought to Chicago and taken to hos-
pitals. This left over fifteen unac-
counted for.

Up to 1 o'clock Wednesday twenty
bodies had been recovered from the
tunnel. It was stated three more
bodies remained at that time in the
shaft.

FELT THIRTY MILES.

Explosion Injures Twelve Men and De-
stroys Several Small Structures.

Gibbstown, N. J., Jan. 20.—An ex-
plosion in the mixing building of the
Dupont Powder company plant at this
place injured twelve men and destroy-
ed several small corrugated iron build-
ings. The explosion was felt within a
radius of thirty miles.

Wooten has endorsed the erection of
three locks and dams on Trinity, as
follows: One in the upper section,
one at Pine Bluff, one at White Shoals.
These three dams cannot go into the
bill this season.

Gates Laughs at Story.

Tucson, Ariz., Jan. 20.—John W.
Gates, reported to have been bitten by
a pet bulldog, said to have been attacked
by a rabid dog, passed through
Tucson and laughed at the story that
he was in danger of hydrophobia. Mr.
Gates was leading his bulldog about
on a chain, and denied that either he
or his dog was in danger of rabies.

Denial of Tillman.

Washington, Jan. 20.—Senator Till-
man denied he is opposed to the edu-
cation of negroes, as President Elect
Taft is reported to have said at Au-
gusta, Ga., was the case. He said,
however, he is antagonistic to the Re-
publican plan of uplifting the negro,
which means, he says, the domination
by them in the south.

Captured and Jailed.

Ardmore, Okla., Jan. 20.—E. W. Har-
dine has been brought in here from
Lindsay, where he was captured after
a desperate battle with police. A
number of shots were exchanged. Har-
dine is charged with shooting and kill-
ing his father in law, T. C. Youre, a
few months ago. He is now in jail.

One Dead, Another Cannot Recover
and Third Seriously Wounded.

Little River, La., Jan. 20.—Joe Ever-
ett was killed, his brother, John Ever-
ett, fatally shot and a third brother,
Walter Everett, seriously wounded in
a pistol duel here Tuesday night be-
tween the three brothers and Ben
Kenchen and John Williams. Joe Ever-
ett had been employed by Kenchen,
and the two had a dispute some days
ago. Everett was accompanied by his
two brothers when he met Kenchen
and Williams. A rapid interchange of
pistol shots followed, but it is a mat-
ter of contention as to who fired the
first shot.

Favorably Reported.

Austin, Jan. 20.—The house com-
mittee on penitentiaries reported favor-
ably the concurrent resolution pro-

Fort Worth, Jan. 20.—Following the
recovery of \$1,000 worth of diamonds
which disappeared from the First Na-
tional bank here, further investigation
developed the fact that over \$20,000
worth of valuable gems were taken
from the vaults of the bank and re-
sold. A man who is well known is un-
der arrest pending strict investigation.
It is learned the abstractions have
been kept up two years, the jewels be-

Houston.

NO VOTE TAKEN.

Senate Adjourns With Submis-
sion Pending Question.

Austin, Jan. 20.—Immediately after
the morning call Wednesday the sub-
mission matter was taken up in the
senate.

Senator Terrell of Bowie opened for
the adoption of the resolution. He
contended that it was a platform de-
mand and members of the legislature
are bound to abide by it.

He was followed by Senator Hud-
sabeth, who spoke against the submis-
sion resolution. He said his district
had by 2,000 votes instructed him to
vote against submission and he would
follow those instructions.

Senator Holsey followed for submis-
sion and he was followed by Senator
Kellie, who opposed submission. Sen-
ator Kellie said that while he was a
local optionist he was opposed to
statewide prohibition.

When the question came up for con-
sideration in the senate the majority
favorable report was adopted by a
viva voce vote, and then the resolution
came up for engrossment. At the
conclusion of Senator Kellie's speech
the senate adjourned until 10 o'clock
Thursday with resolutions pending.

Among bills introduced in the sen-
ate Wednesday were the following:
By Harper: To give preference to
Texas authors, when all things are
equal, in awarding contracts for text-
books.

By Masterson: Providing for creat-
ing of drainage districts. This bill is
calculated to meet the objections
found in old law by the attorney gen-
eral.

By Ward: To provide maximum
fees to be charged foreign corporations
organized for lending money.

By Veale et al.: Prohibiting raffling
of any kind and imposing a fine of
\$10 to \$500.

By Harper: Creating a state board
of health. This is the bill agreed upon
by Dr. Brumby and the Texas State
Medical association.

By Hayter: Requiring true consid-
eration to be expressed in all deeds.

To Be Paid In Silver.

Austin, Jan. 20.—According to Wa-
ters-Pierce Oil company's representa-
tives here and attorneys the judgment
obtained by the state through federal
supreme court will be paid in silver
dollars and delivered at the state treas-
ury. The award and interest call for
nearly \$2,000,000. The counting will
require long labor, and six extra clerks.

Bankers Confer With Love.

Austin, Jan. 20.—Quite a number of
representatives of state banks and
banks and trust companies held a
conference with Commissioner of
Banking Love regarding needed legis-
lation on state banking. A majority
of the bankers appear to be opposed
to the proposed bank deposit guaran-
tee law now pending in the legisla-
ture.

LIFE'S ROAD.

(By Joe Mc Gee.)

The road of life is rough at best. We care not what your rig maybe, You may with chaise-and-four be blessed.

You'll find some bog-holes well as we.

At times we'd like to change our lot. With some gay chap along life's road.

And then again we think we'd not. When hear him tell about his load.

Sometimes he'll dash right by our side. We've heard his wheels buzz as they sped.

No difference what the speed he drive. He'll find some one still ahead.

Don't drive your horse beyond his speed.

'Tis best to take a moderate gait. The close will find you in the lead. The other chap, 'tis found that's late.

Again you'll find a fellow stuck.

In some bog-hole, can't move a wheel.

Don't pass him by and wish him luck. But show by action what you feel.

We cannot feel a brother's woe.

We know not what he has to bear. His face is sad—what makes it so?

It's weighted down with unseen care.

Let's help each other when we can.

While traveling on life's weary way.

A friendly word oft helps a man.

To bear the burdens of the day.

THE WEATHER.

Special to the Bryan Morning Eagle.
New Orleans, La., Jan. 20.—Tonight increasing cloudiness and warmer. Thursday generally cloudy.—Cline.

Weather Notes.

The Lake region area of high pressure noted yesterday has moved to north Atlantic states, and it is much colder in that section, with minimum temperature ranging from 2 degrees at Boston to 12 degrees at Washington. The Montana disturbance has moved eastward to the upper Lake region, attended by warmer weather and very light precipitation. A second disturbance of considerable energy is moving in over the north Pacific coast and causing rain in that district. Rain has also occurred in southern Florida, but elsewhere it has been generally fair. In Texas there has been considerable cloudiness and the temperature has risen in all sections, except in the extreme west and in a number of central and eastern counties. At time of report it ranged from 34 degrees at Taylor to 62 degrees at Brownsville.

Astin-Heard.

A friend of The Eagle in attendance on the marriage ceremony of Mr. Roger Astin of this city and Miss Nina Heard which occurred in the Presbyterian church at McKinney last night kindly sends the following:

At 8:30 o'clock Miss Stiglar sang "Because" by Guy d'Hardelot. The bridal party entered to the Lohengrin music, played by the Bush Temple orchestra of Dallas. The orchestra was concealed by a screen of ferns and yellow chrysanthemums. The bridal party entered in the following order: The groomsmen down the left aisle, preceded by ushers; Louise Grinnan of Terrell and Wilson Bradley of Bryan; groomsmen George Brandon; Oscar Brice, Willpoint; Hal Saunders Ed Rhea, Seth DeMaret, John Brown, Fort Worth; Emmet Cole and Robt. Astin.

Bridesmaids advanced down the right aisle: Misses Evelyn Ervin, Marguerite Ervin, Dowell, Abbott, Harrison of McKinney, Shelmire of Dallas, Bathrope of Sherman. These were followed by matrons of honor, Mrs. Dudley Perkins and Mrs. Overman Van Wyck of Sherman. Miss Besie Heard, sister of the bride, was maid of honor.

Strewing the bride's path with rose petals were little flower girls, Clara Astin, Florence Perkins and Onah Astin; then came the bride on the arm of her father. They were met at the altar by the bridegroom and best man, Mr. Jack Gordon.

The ushers preceded the bridal party, and opened the floral gates of yellow and white chrysanthemums.

Rev. Burns officiated, and the ring service was used. The brides-

maids, alternated in white and yellow gowns and picture hats, carrying shower muffs of yellow jonquils and ferns. The matrons wore their wedding gowns of white Duchess satin; the maid of honor, white liberty Satin and real lace; the little flower girls white pleated chiffon over yellow; the bride wore a duchess satin and real lace. Her veil was pinned with a diamond bar, the gift of the bridegroom, and she carried a shower bouquet of orchids and lilies of the valley.

The ionic columns were trimmed with smilax, and yellow and white chrysanthemums formed the aisles for the bridal party; ferns and flowers were the other decorations.

A reception was held at the home of the bride's parents, Mr. and Mrs. John Heard, at 9 o'clock. The color scheme of yellow was carried out in the decorations and refreshments.

Out of town guests were from Fort Worth, Dallas, Sherman and Bryan. Many handsome and valuable gifts were received.

Mr. and Mrs. Astin left immediately for their home in Bryan, where they will be at home with Mrs. O. H. Astin.

To the Hon. Mayor and City Council:

We, your committee appointed to investigate the condition of the plant of the Water & Light Company, and the reasons for the failure of said company to furnish water on the occasion of the recent fire beg to report:

1. We visited said plant and investigated the conditions as well as we could, and find that at the time of said fire there was no water in the stand pipe; that there was water in the reservoir. That in case of fire it is customary to force the water from the reservoir into the mains by means of two pumps, one large pump and one small, that on the occasion of the said fire the foot valve in this large pump was out of repair to such an extent that it would pump no water and was useless, that the company states that the small pump was in condition the morning of the fire but was broken by being operated too fast.

We were unable to ascertain why there had been no supply of water for private use for several days before the fire.

We further recommend that the council urge the people to adopt the bond issuance proposition to be submitted, and that the city proceed to the erection of its own plant. We believe this to be the only solution of the Water and Light difficulties we have had to submit to.

We further recommend that the committee be empowered to have prepared plans and specifications for a plant and also an engineer to make a survey of the streets for the purpose of placing water mains.
